## Summary

US Congressional District boundaries for New York City including portions under water.

## Description

US House of Representatives Congressional District boundaries for New York City including portions under water. These district boundaries represent the redistricting as of the US Census 2020.

NOTE: New Congressional District lines for 2025 were signed into law on February 28, 2024. These new Congressional District values were prematurely released into our 24A1, 24B, and 24C Geosupport software and political boundary data products. The 24C1 release reflects a rollback of Congressional District values to the 2024 values. New Congressional District values will be released into our data products at around January 1, 2025 as part of a 24D mid-cycle release and communications informing users of the change will follow the release. If there are questions, concerns, or feedback please reach out to [gss\\_feedback@planning.nyc.gov](mailto:gss_feedback@planning.nyc.gov).
